

First Time ParentVUE Activation

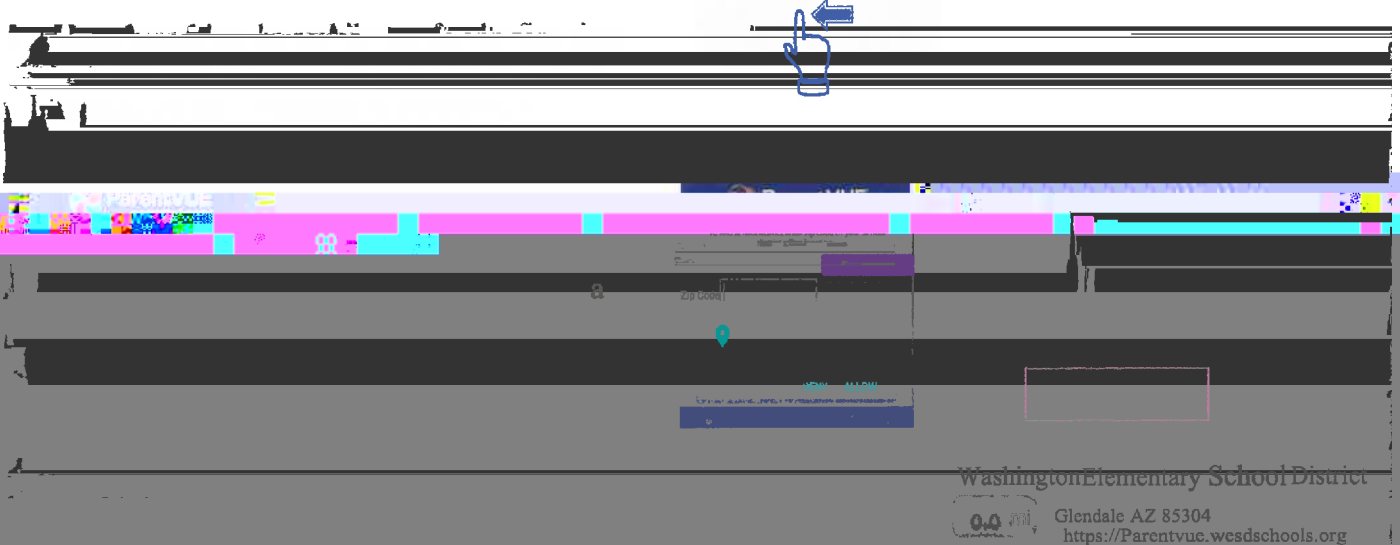

Mobile Device Setup

1. Download and install the mobile application.

- [Android](#)
- [iPhone/iPad](#)

This app must connect to your school district's server. To find your school district swipe left.

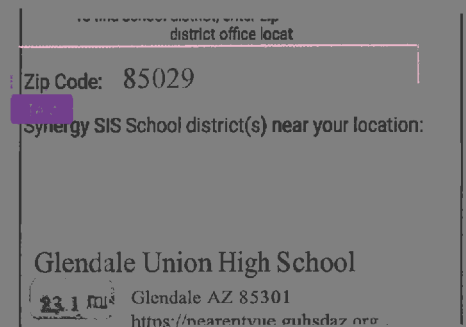

you will need to connect to your child's school district. On the "Welcome to ParentVUE" screen, swipe left.

3. A message displays asking you to enable location services on your device.

- Press Allow to automatically display list of schools near your location.
- Press Deny to search by zip code or manually enter the school district URL.

Allow ParentVUE to access this device's location?

4. To search, enter the zip code of your child's school and tap the Search button. If you do not know the school's zip code, enter yours or the closest known. Scroll through the list and tap the desired school.
