

Dear Chaparral Families,

On behalf of the entire Chaparral faculty and staff we want to thank you for an excellent start to the new school year! It warms our hearts to be able to have a full building of children and visitors/volunteers back on campus!
We are already one month into school! Our teachers have been busy forming those relationships with your children, giving initial assessments to find out what they know and where to start instruction, as well as celebrating positive behavior and successes discovered in the classrooms! We are looking forward to a terrific 2022-2023 school year.

Parking Lot Reminder:

We wanted to remind you about our pickup/parking procedures. Please make sure you are reading the signs posted by the city on where you can legally park and where you can't. If you are on 37th Avenue
